

HCL AppScan Report

Report Type: License Report

Report for scan:SCA 2025-07-15 demo.irx

Scanned under Application:Report-Samples

Scan Start Date:Tuesday, 15 July 2025

Report created at: Wednesday, 16 July 2025

This report was generated by HCL AppScan

This report lists all the libraries licences found in your scan, and their associated license Risk Levels. Licenses Risk Levels are not the same as the Risk Levels in Security Reports, and not related to the vulnerabilities of specific issues. You can see if any of the libraries have known vulnerabilities in Issue Management view.
